

APPENDIXES

Table Observation Result Cycle 1

No	Activities	Grade
1.	The teacher organization (lesson and class)	
	1) Introducing and explanation of the material	4
	2) Asking questions	4
	3) Classroom management	3
	4) Time management	3
	5) Motivating students	4
2.	The students' activities	
	1) The students' cooperation in group	4
	2) The students' activeness in presenting the result of discussion	3
	3) The students' attention toward other group presentations	4
	4) The students' activeness in asking question	4
	5) The students' activeness in answering question in group	3
3.	The students' behaviour in teaching learning process	
	1) Students pay attention when the teacher deliver the material	4
	2) Students often ask the teacher about the lesson material	3
	3) The students can finish their tasks on time	3
	4) Students are active during learning process	3
	5) The students are interested in reading activity by using group resume method.	4
