    <p>Reyog adalah salah satu kesenian budaya yang
    berasal dari Jawa Timur bagian barat-laut dan Ponorogo dianggap sebagai
    kota asal Reog yang sebenarnya. Gerbang kota Ponorogo dihiasi oleh sosok
    warok dan gemblak, dua sosok yang ikut tampil pada saat reog
    dipertunjukkan. Reog adalah salah satu budaya daerah di Indonesia yang

    <h3>Perkembangan Kerajinan Reyog</h3>
    <p>Kesenian merupakan salah satu perwujudan dari
    kebudayaan. Lebih dari itu, kesenian adalah tempat di mana makna budaya
    ditafsirkan dan identitas budaya diakui dan diperkuat, khususnya di
    masyarakat kecil. Secara historis dan tradisional kesenian memegang peran
    penting dalam kehidupan masyarakatnya. Rumah Industri Reog yang berada
    di Jalan Ponorogo-Sumoroto-Purwantoro desa Carat Sumoroto Kec. Kauman,
    Ponorogo menjadi salah satu pengusaha Reog yang masih bertahan hingga
    sekarang untuk memproduksi peralatan reyog sendiri, seiring dengan semakin
    terkenalnya seni reyog. Sedikit demi sedikit perlengkapan reog yang
    diproduksi seperti peralatan musik reyog, dadak, topeng, barongan, topeng
    bujang ganong dan busana reyog laris diserap pasar dari dalam maupun luar
    negeri seperti Arab, Amerika, Australia dan Rusia. Penjualan peralatan reyog
    akan meningkat hingga 40 persen menjelang waktu-waktu tertentu seperti
    menjelang bulan Agustus dan bulan Muharram. Sehingga produksi reyog pun
    tidak berhenti dengan menunggu pembeli datang apalagi ketika Festival
    reyog Nasional akan dimulai, pemesanan mulai membludak. </p>

lainnya, yaitu tidak hanya membuat kerajinan reyog Ponorogo saja. Namun membuat suatu inovasi dengan membuat miniatur reyog, serta alat musik pendukung seperti gamelan. Pembuatan perlengkapan seni reog sebagian besar memanfaatkan bahan-bahan alami seperti kayu. Kayu biasanya dimanfaatkan untuk membuat kepala singa, topeng, dadak dan alat penyangga ganongan. Untuk kepala singa dan topeng, kayu yang dipakai biasanya kayu dadap sementara untuk dadak menggunakan rotan dan bambu. Selain menggunakan kayu, beberapa bagian perlengkapan reyog lainnya menggunakan bagian tubuh binatang, seperti ekor kambing atau sapi untuk rambut topeng, bulu merak untuk menghiasi dadak, dan kulit macan untuk kepala singa.
