Appendix 2 Interview Transcripts

Transcript Interview

1. Do you think that Extensive Reading text is difficult subject? Give the reason, please!

Interviewees #1

“I think extensive reading is not difficult subject. It helps me to give new experience in learning English”

Interviewees #3

“No, it is because through extensive reading I get many benefits. For example, I don't need to go anywhere but just sitting and read the book I get new knowledge and new experiences.”

Interviewees #2

“Yes, it is. Extensive reading is difficult subject because I have to understand the content of the text so that I can analyze what is the text talk about or what I can get from the text”

Interviewees #4

“I think Extensive reading is difficult because I am a person who do not understand easily. So I have to read the text many times to catch the content”

Interviewees #5

“Extensive reading is difficult subject because of difficult word and complicated sentence. I have to understand the word and sentence to get the meaning of the content”

2. What kinds of the text in extensive reading subject are usually delivered?

Interviewees #1 journal

Interviewees #2 newspaper, Article, and Journal

Interviewees #3 English Journal and Book

Interviewees #4 English Article, Journal, non-fiction and academic book

Interviewees # English Journal, Article, and Book

3. What is your strategy to understand the text?

Interviewees #1

“I usually translate it to my language so that the text is easier to be understood”

Interviewees #2

“I think I should understand the vocabulary first. If I can understand the vocabulary I can get the meaning so it helps me to understand the content of the text”

Interviewees #3

“When I read the text, I usually read it little or scanning, then I find the important things such as the definition or the argument from expert.”

Interviewees #4

“I must understand the title first before reading the text, so I can imagine the context of the text and I can easily understand the text”

Interviewees #5

“The first strategy is finding the main idea, and then if there is the picture or illustration I will relate it to the text, another strategy is looking for new vocabulary in the dictionary if I find difficult words.”

4. Do you think that after using those strategies you feel easy to understand the text? Explain!

Interviewees #1

“Yes, I feel easier to understand the content of the text because I can easily recognize the topic of the text.”

Interviewees #2

“Yes. I can find the main idea easily so that I can get the information

Interviewees #3

“When I use the strategy I don’t take many times to understand all the text. I can minimize it and I can use it to do other activity. Moreover, reading skill need big energy to do it when I read the text which is not my favorite. So, using strategy is efficient for me.”

Interviewees #4

“Yes. When I can understand the title and imagine the context of the text I easier to conclude the text”

Interviewees #5

“Yes. By using those strategies I need little time and also help me to understand the text”
