

LAMPIRAN

Database

The screenshot shows two instances of the phpMyAdmin interface. The top instance displays the main database structure for 'u494715815_ADUM'. The left sidebar shows tables like 'adum_group', 'adum_jadwal', 'adum_sakit', and 'adum_user'. The main area lists these tables with their respective details: Rows, Type, Collation, Size, and Overhead. The bottom instance shows a detailed view of the 'adum_group' table. It lists three rows with 'GroupName' values 'Dokter', 'Pasien', and 'Admin'. A SQL query at the top of this screen is: `SELECT * FROM `adum_group``. Below the table, there are options for 'Query results operations' including Print, Copy to clipboard, Export, Display chart, and Create view.
